

Dear Vicki and Jim

It is a beautiful morning out and we have had three days of summer weather - a little too hot.

Nick has decided to run for County executive - Spellman is the incumbent. Their apartment isn't available yet but the Manager thought probably the 20th which is Sunday, it would be ready. Poor Mary will be glad to get settled once again.

Jeanne and Art and the children stopped over Sunday Night. Carmen thought Mary was Gail. I haven't talked to Gail since the divorce but Jeanne said she took her

Warden home back, but will keep the detective home on the job. Gregg has been transferred to Alaska.

Our yard looks beautiful right now and the tomato plants are doing nicely. I have the yard covered with slug bait.

There was a sniper Monday night on the freeway. He killed one motorist a Belvedere man and seriously injured another and several other cars were struck by bullets. It was just at the evening rush hour.

Mary is afraid now to stay in the house without locking all the doors.

I have to get ready now to go to the bridge game. Love, Mom
